

Dear Chairman of Deutsch-Vietnamesischer Freundeskreis e.V.

Minh Tam Charity Organization - within Poor Patients Support Association at HCM City - acknowledges to have received at the date of 15/11/2012 an amount of 1200 Euros, i.e. 30.694.186 VND in vietnamese currency, that your association has kindly contributed to our cataract surgery programs for poor people in Viet Nam .

Thanks to your contribution, Minh Tam Charity was able to realize our recent operation of free cataract surgery for 207 patients from 23/05 to 26/05/2013 at Mo Duc and Nghia Hanh districts , Quang Ngai province. As the cost per case is 650,000 VND – mostly for the purchase of the artificial lens - your donation has directly helped 47 patients to recover a better sight.

On behalf of the patients, we thank DVF Association for your noble gesture .

We would like to enclose, to your entire disposal, some pictures of this operation in Quang Ngai .

We look forward to a long-term cooperation with your organization and we wish the Chairman and all members of your organization good health and happiness.

Respectfully yours,

Do Quang Thuan, Chairman

Minh Tam Charity Organization
